

DJW Working Group “German Japanese – Professional Women’s Network”

Invitation

We would like to invite you to our next event as follow:

Date/Time: March 2 (Wed.) 2022, 18:30 – 19:30

Thema: "Women in Health"

Online event, Free of charge

You can work because you are healthy. Being healthy is a prerequisite for working, but there are times when we are suddenly struck by an unexpected illness.

Ms. Yumi Lloyd, who was suddenly diagnosed with breast cancer and went through treatment in Germany, will talk about her treatment experience, her thoughts, and the treatment process in Germany.

The purpose of this talk is to give courage to those who are being treated for these diseases especially at a young age by sharing her experiences. With the development of medical care, if you can receive the right treatment at the right time, you can enjoy your life again.

Ms. Lloyd is a bright person and full of positive aura. If you see her, it is hard to believe that she went through such a difficult treatment process.

Please note that in order to make this event a meaningful gathering, the number of participants will be limited to 6, and all participants are asked to promise that the content of the discussion will be kept confidential.

Also, please note that Ms. Lloyd may post a part of her talk at this event on her Youtube channel. She will make sure that the participants will not be shown.

If you are interested, please sign up by sending an email to Ms. Ezuka womensnetwork@djw.de or gjpwn12@gmail.com.

We are looking forward to meeting you online at the event.

GJPWN-Team
