Essen - Kyoto Summit

September 14th/15th 2023

Invitation

Dear members of the medical faculties of Kyoto University and University Duisburg-Essen, dear honorary guests, dear friends,

It is with great pleasure to invite you to the inaugural and therefore FIRST Essen-Kyoto Summit taking place September 14th/15th in Essen. We are very happy and proud to accommodate excellent speakers and representatives from both the Kyoto University, the second oldest Japanese university, as well as the University of Duisburg-Essen.

We strongly believe that this inaugural event is the beginning of long lasting friendship and academic collaboration between Kyoto University and University Duisburg-Essen.

We are looking forward to welcome you to FIRST Essen-Kyoto Summit.

Ken Herrmann

on behalf of the organizing committee

Japan Commissioner
Faculty of Medicine
Universität of Duisburg-Essen

MEDIZINISCHE FAKULTÄT
DER UNIVERSITÄT DUISBURG-ESSEN

Program

Friday, September 15th 2023

9:00 h -

Robotics I

10:30 h

Chairs: Sauerwein / Ogata

Rehabilitation

Collaboration between humans and robots in the field of rehabilitation

Koji Ohata

Kyoto/Hokuriku

Mixed reality robotic system for gait rehabilitation by enhancing body sensation

Yoshihiro Miyake / Hirotaka Uchitomi

Dept. of Computer Science

Tokyo Institute of Technology

Patient care

Taking Care of the elderly using smart electronic appliances

Richard Dodel

University of Duisburg-Essen

Use of Artificial Intelligence in Medicine

Jens Kleesiek

Institute for Artificial Intelligence
in Medicine

University Hospital Essen

The Concept of robot for long time care in elderly – Robohelper SASUKE

Narumi Ogata

Muscle Corporation

Kyoto

10:30 h - Coffee break

11:00 h

11:00 h - **Robotics II**

12:30 h Chairs: Ohata / Mattheis

Surgical robots

Robotic assisted neurosurgery

Ulrich Sure / Yahya Ahmadipour

Department of Neurosurgery

University Hospital Essen

Precision Surgery: Robotics, AI, VR, 3D

Stefan Mattheis

Department of Otorhinolaryngology

University Hospital Essen

Robot / human interface

Human-Robot Interaction through the eyes of a child

Ruth M. Ingendoh / Angela Heine

Institute of Psychology

University of Duisburg-Essen

Teaching robotics to medical students

Lorenzo Brualla / Wolfgang Sauerwein

Faculty of Medicine

University of Duisburg-Essen

Closing remarks

Ken Herrmann

12:30 h - Coffee break

13:30 h and Come Together

14:00 **Departure for City Tour**
